With your concurrence, this and future recommended additions or deletions will be published upon your individual approval as changes to the DCID's appendix to provide timely official notice to the Community. It seems unnecessary to refer such changes to the NFIB, given the advisory nature of the DCID and the responsibility of SIOs thereunder to brief their cleared personnel and follow up on any security incidents that may arise. (U)

3. <u>Recommendation</u>: That you approve:

    a. The addition of these seven countries to DCID 1/20's appendix.

    b. Publication of this and subsequent changes immediately upon your approval. (U)
